

Equipment checklist

Equipment	Number	Station	Notes
Ambubag	1	Difficult airway equipment	
Aprons		Morning Simulation/ Afternoon Simulation	
Bougie	2	RSI/ Morning Simulation/ Afternoon Simulation	
Copy of B@EASE checklist	2	RSI/ Morning Simulation/ Afternoon Simulation	
Copy of the can't intubate, can't ventilate algorithm	1	DAT and algorithms/ Afternoon Simulation	
Copy of the difficult airway algorithm	1	DAT and algorithms/ Afternoon Simulation	
Cricoid mannequin	1	Cricoid pressure	
Difficult airway trolley	1	DAT and algorithms/ Afternoon Simulation	To be set up as per local protocol
Disposable bronchoscope	1	Difficult airway equipment	
Drugs or water/ N.saline		Morning Simulation/ Afternoon Simulation	Depending on the level of fidelity of the Sim man, access to drugs and local protocol
ETT x2	2 x 2	RSI/ Morning Simulation/ Afternoon Simulation	
Facemask	3	Difficult airway equipment/ RSI/ Morning Simulation/ Afternoon Simulation	
Guedel airways	2	Difficult airway equipment/ RSI/ Morning Simulation/ Afternoon Simulation	
Glidescope/ McGrath	1	Difficult airway equipment	

SAMI

Gloves		Morning Simulation/ Afternoon Simulation	
iGEL	1	Difficult airway equipment	
Intubatable mannequin head	1	Difficult airway equipment	
intubating LMA	1	Difficult airway equipment	
Laryngoscopes - short handle - long handle - standard handle	1	Difficult airway equipment	
LMA	1	Difficult airway equipment	
Lubricating gel	2	Difficult airway equipment/ RSI/ Morning Simulation/ Afternoon Simulation	
Manujet	1	DAT and algorithms	On difficult airway trolley
Model or picture of the anatomy of the neck	1	Cricoid pressure	
Monitoring, including capnography	2	RSI/ Morning Simulation/ Afternoon Simulation	
Neck suitable for practicing emergency trachy	1	Cricothyroidotomy	
Needles for drawing up	Multiple	Morning Simulation/ Afternoon Simulation	
Percutaneous emergency cricothyroidotomy kit	1	Cricothyroidotomy	
Scissors	2	RSI/ Morning Simulation/ Afternoon Simulation	
Sharps bin		Morning Simulation/ Afternoon Simulation	
Sim man with iv cannula in situ	1	Morning Simulation/ Afternoon Simulation	
Surgical emergency cricothyroidotomy kit	1	Cricothyroidotomy	

SAMI

Syringes 5, 10 and 20mls	At least 3 of each	RSI/ Morning Simulation/ Afternoon Simulation	
Tape	2	RSI/ Morning Simulation/ Afternoon Simulation	
Waters circuit	2	RSI/ Morning Simulation/ Afternoon Simulation	
Yanker Sucker	2	RSI/ Morning Simulation/ Afternoon Simulation
